EVER READY TO FACE CHALLENGES

Under the inspiring leadership of K N Pimple, MD, CIS Bureaus Facility Services (CISB), the company has been providing excellent security and surveillance services and equipment to various government, public and private companies including several banks, government establishments and Indian Army, Navy & Air Force

With over 20 years of experience in building & managing multiple security and facilities management businesses, Krishna N Pimple is ever ready to face customer challenges & create delightful relationships with customers.

He has helped create a Corporate Governance Model in his organization to deliver sustained value to his customers. As a result, everyone in his organization acts responsibly, transparently and with accountability at all times.

A SOLUTIONS MAN

He has a speciality in providing comprehensive end-to-end outsourced solutions and service for sectors where security and safety risks are considered a strategic threat. His expertise also extends into distinguished domain knowledge and assessment and management of facilities, security and safety risks for Corporates, Industries, Townships, ATMs, Point-of-Sale Terminals, Self-service Kiosks, Infrastructure, Valuables and People.

Focusing on the people-centricity of the company, he likes to invest in the talent development of his employees, ultimately aspiring to create his business around their brilliance and adroitness. Never neglecting the goal of customer-centricity for the benefit of his organization and of course the customers themselves, he makes sure that all his customers are treated with respect and dignity.

Maintaining that his personal and organizational growth is due to his strong domain knowledge, he loves to create and sustain a cutting edge in services by continuously investing in creating expertise

and growing his and his employees' domain knowledge and specialization.

CREATING A BENEFICIAL ECOSYSTEM

Under K N Pimple's guidance, CISB has created a robust structure of teamwork so the entire organization works for the benefit of the ecosystem comprising the organization, its customers and its partners.

He is also contributing towards the Make in India initiative of Prime Minister Narendra Modi by bringing best technologies from various reputed companies from varied fields. In addition, he has been working towards the development of smart cities with companies from Israel and Europe.

Believing in paying for performance, he takes care that his profits are invested into nurturing talent to improve performance and thereby achieve business sustainability. In this way, he is also able to create an environment of integrity internally, which he uses to create trust externally.

AWARDS & CONTRIBUTION TO SOCIETY

His immense contribution to the industry has been recognized variously through several awards such as Bharat Ratna Dr. Ambedkar Award 2016 for Business, Rashtriya Gaurav Award by Late Prime Minister Chandrashekar Prerna Samiti, Vriksha Mitra Award from Lions International for planting 2000 trees, Koli Mitra Award, etc.
